Orgenesis to participate in Benchmark's third Annual Healthcare House Call Virtual 1x1 Investor Conference on May 23, 2023

Germantown, Maryland, US, May 19, 2023 – Orgenesis Inc. (NASDAQ: ORGS) ("Orgenesis" or the "Company"), a global biotech company working to unlock the full potential of cell and gene therapies (CGT) at the point of care, today announced that Vered Caplan, CEO of Orgenesis, will be participating in the Benchmark Company's third Annual Healthcare House Call Virtual 1x1 Conference, which will be held on Tuesday, May 23, 2023.

The conference offers its clients one-on-one and small-group virtual meetings with the management of over 40 small and mid-sized healthcare companies.

To register, please contact: Michael Fiorini – Director, Institutional Equity Sales of The Benchmark Company at mfiorini@benchmarkcompany.com or your Benchmark Company representative.

About The Benchmark Company

The Benchmark Company is an investment banking firm offering a suite of corporate finance, advisory and institutional brokerage services. We were founded in 1988 and are headquartered in New York City. Our focus is on fostering the long-term success of our corporate clients through raising capital, providing strategic advisory services, generating insightful research and developing institutional sponsorship by leveraging the firm's sales, trading and equity research capabilities. <https://www.benchmarkcompany.com>.

About Orgenesis

Orgenesis is a global biotech company working to unlock the full potential of cell and gene therapies (CGTs) in an affordable and accessible format at the point of care. The Orgenesis POCare Platform is comprised of three enabling components: a pipeline of licensed POCare Therapeutics that are processed and produced in closed, automated POCare Technology systems across a collaborative POCare Network. Orgenesis identifies promising new therapies and leverages its POCare Platform to provide a rapid, globally harmonized pathway for these therapies to reach and treat large numbers of patients at lowered costs through efficient, scalable, and decentralized production. The POCare Network brings together patients, doctors, industry partners, research institutes and hospitals worldwide to achieve harmonized, regulated clinical development and production of the therapies. www.orgenesis.com.

Notice Regarding Forward-Looking Statements

This press release contains forward-looking statements which are made pursuant to the safe harbor provisions of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities and Exchange Act of 1934, as amended. These forward-looking statements involve substantial uncertainties and risks and are based upon our current expectations, estimates and projections and reflect our beliefs and assumptions based upon information available to us at the date of this release. We caution readers that forward-looking statements are predictions based on our current expectations about future events. These forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties and assumptions that are difficult to predict. Our actual results, performance or achievements could differ materially from those expressed or implied by the forward-looking statements as a result of a number of factors, including, but not limited to, our reliance on, and our ability to grow, our point-of-care cell therapy platform and OMPUL business, our ability to achieve and maintain overall profitability, our ability to manage our research and development programs that are based on novel technologies, our ability to control key elements relating to the development and commercialization of therapeutic product candidates with third parties, the timing of completion of clinical trials and studies, the availability of additional data, outcomes of clinical trials of our product candidates, the potential uses and benefits of our product candidates, our ability to manage potential disruptions as a result of the COVID-19 pandemic, the sufficiency of working capital to realize our business plans and our ability to raise additional capital, the development of our POCare strategy, our trans differentiation technology as therapeutic treatment for diabetes, the technology behind our in-licensed ATMPs not functioning as expected, our ability to further our CGT development projects, either directly or through our JV partner agreements, and to fulfill our obligations under such agreements, our license agreements with other institutions, our ability to retain key employees, our competitors developing better or cheaper

alternatives to our products, risks relating to legal proceedings against us and the risks and uncertainties discussed under the heading "RISK FACTORS" in Item 1A of our Annual Report on Form 10-K for the fiscal year ended December 31, 2021, and in our other filings with the Securities and Exchange Commission. We undertake no obligation to revise or update any forward-looking statement for any reason.
